*Enhance your FreeStyle Libre systems expertise with quick tutorials, downloadable resources, and perspectives from your peers.*

The FreeStyle Libre 2 or 3 apps are only compatible with certain mobile devices and operating systems. Please check our website for more information about device compatibility before using the apps. Use of the apps may require registration with LibreView.

Medicare coverage is available for FreeStyle Libre systems if their respective readers are used to review glucose data on some days every month. Medicare and other third-party payor criteria apply.

Abbott provides this information as a courtesy; it is subject to change and interpretation. The customer is ultimately responsible for determining the appropriate codes, coverage, and payment policies for individual patients. Abbott does not guarantee third party coverage or payment for our products or reimburse customers for claims that are denied by third party payors.

## HOW TO PRESCRIBE

**Utilize** tips and how-tos  
to prescribe with little  
effort and time\*

- Determining coverage
- Coding for reimbursement
- Educating on Medicare eligibility and coverage

\*No paperwork for prior authorization needed at participating pharmacies. This applies to commercially insured patients. This does not apply to beneficiaries of Medicare, Medicaid, or other federal or state healthcare programs. Participating pharmacies are subject to change without notice.

## PATIENT TRAINING

**Learn** best practices  
for training patients to  
streamline workflow

- Applying the sensor correctly
- Understanding CGM vs. BGM
- Ongoing patient support programs to supplement your training

## PATIENT FOLLOW-UP

**Discover** ways to engage with  
patients to support better  
glucose management<sup>\*1,2</sup>

- Zeroing in on key data to support diabetes management
- Discussing glycemic patterns and recommending possible solutions<sup>3</sup>
- Developing an action plan<sup>3</sup>

\*Data from this study was collected with the US version of the FreeStyle Libre 14 day system. FreeStyle Libre 2 and FreeStyle Libre 3 have the same features as FreeStyle Libre 14 day system with optional real-time glucose alarms. Therefore the study data is applicable to all products.

### IMPORTANT SAFETY INFORMATION

**FreeStyle Libre 14 day, FreeStyle Libre 2 and FreeStyle Libre 3 systems:** Failure to use FreeStyle Libre systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose reading and alarms (if enabled) do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Seek medical attention when appropriate or contact Abbott at 855-632-8658 or <https://www.freestyle.abbott/us-en/safety-information.html> for safety info.
